**[Srivastavasonali1106@gmail.com](mailto:Srivastavasonali1106@gmail.com) 9045914940.**

**Brief profile of session organizer:** Dr Sonali Srivastava is presently working as an Assistant Professor at Symbiosis Centre for Management Studies, (SCMS) Nagpur, Maharashtra, India. She is a doctorate in Finance from Dayalbagh Educational Institute, Agra. She has an academic experience of more than 8 years with several reputed institutions i.e. VIT Bhopal University, MNNIT Allahabad, IIM Ahmedabad, Ministry of Finance and Amity University. She has published a number of research papers in peer reviewed international and national journals indexed in Scopus and WOS. She has also presented research papers in international and national conferences, seminars and conventions. Dr Sonali has organized a number of Conferences and Short-term courses. She is appointed as an external paper setter in many universities. She has authored books titled “Advanced Auditing and Recent Advances in Accounting, Taxation and Auditing”. She is a member of various professional bodies and Member of the Reviewer Board of Various Journals.

### **SESSION DESCRIPTION:**

Organizing a blockchain session in the financial industry is crucial to demystify the transformative power of this technology. By facilitating discussions on blockchain fundamentals, current applications, and regulatory considerations, we aim to empower financial professionals with the knowledge needed to adapt to industry disruptions. This session serves as a catalyst for collaboration, providing a platform for experts to share insights and explore innovative solutions. In a rapidly evolving financial landscape and understanding blockchain is not just beneficial but imperative for staying competitive and driving positive change in the industry.

### **RECOMMENDED TOPICS:**

Topics to be discussed in this special session include (but are not limited to) the following:

- a) Blockchain Fundamentals: Overview of blockchain technology, Distributed ledger technology and Consensus mechanism
- b) Cryptocurrencies and digital assets

- c) Decentralized Finance (DeFi)
- d) Current regulations affecting blockchain in finance
- e) Blockchain Security
- f) Emerging technologies influencing blockchain in finance
- g) Social impact of blockchain in finance
- h) Collaboration potential between traditional financial institutions and blockchain startups

**SUBMISSION PROCEDURE:**

Researchers and practitioners are invited to submit papers (.docx file in [AIP format](#)) for this special theme session on **[session name] on or before [10<sup>th</sup> April 2024]**. All submissions must be original and may not be under review by another publication.

Submission link: <https://cmt3.research.microsoft.com/ICRITCS2024>

All submitted papers will be reviewed on a double-blind, peer review basis.

**NOTE:** While submitting paper in this special session, please specify **[Blockchain in Financial Industry]** at the top (above paper title) of the first page of your paper.
